FINANCE MANAGER **TIM VINES**

Tim has a broad range of finance knowledge which was learnt from him 30 years' experience for working for large corporate companies in the City.

From starting his career in the Eurobond market within the operations department, he then diversified his role and moved to trading and sales.

He then moved to Australia for four years to expand his experience in the finance sector on a global scale. Upon return to the UK, he moved back into Bond Operations; specialising in Latin American emerging markets for a large US Bank. Later, Tim then moved to a large Austrian Bank, where he headed up the Eurobond settlements department before taking the Equity settlements department under his direct control.

Bookkeeping

Merranti Accounting's Bookkeeping services are tailor-made to meet the needs of your business. Along with making sure your books are up to date, we can also help with any bookkeeping queries you may have.

Financial Reporting

We can provide tax and regulatory advice to many types of businesses and help you develop practical and innovative solutions to meet your objectives.

Risk Management
